Story-4

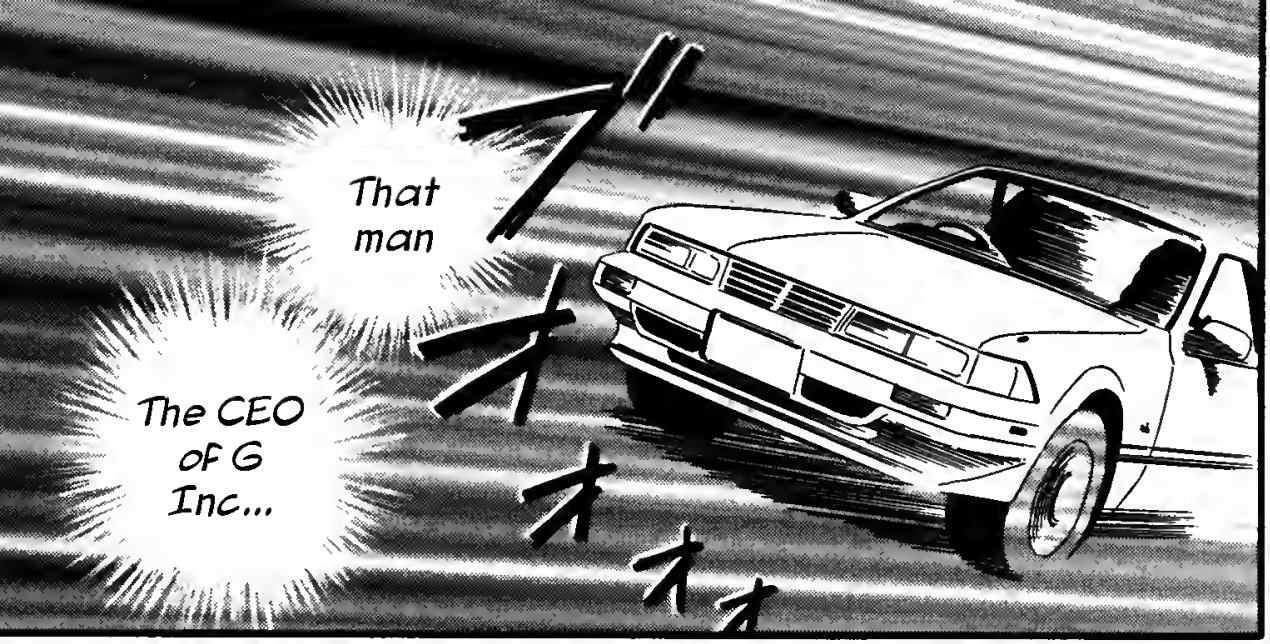
I am an Assassin

Kazuhashi Tomo

社長室
The construction of the dream bridge has been taken from us!?
Who got the contract!?
That's an important project for the future of this company!
G Inc.
Ah, about that...

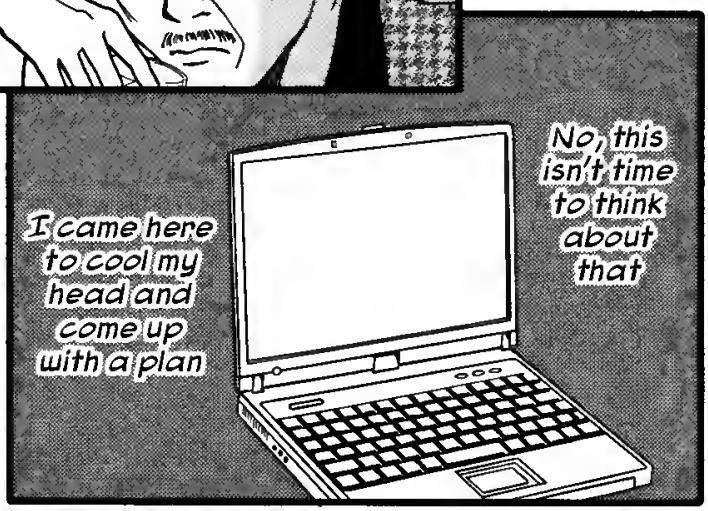
No. I'm going to the villa
This is early for you. Do you want dinner?

Welcome back, darling



That man
The CEO of G Inc...
オオオオ

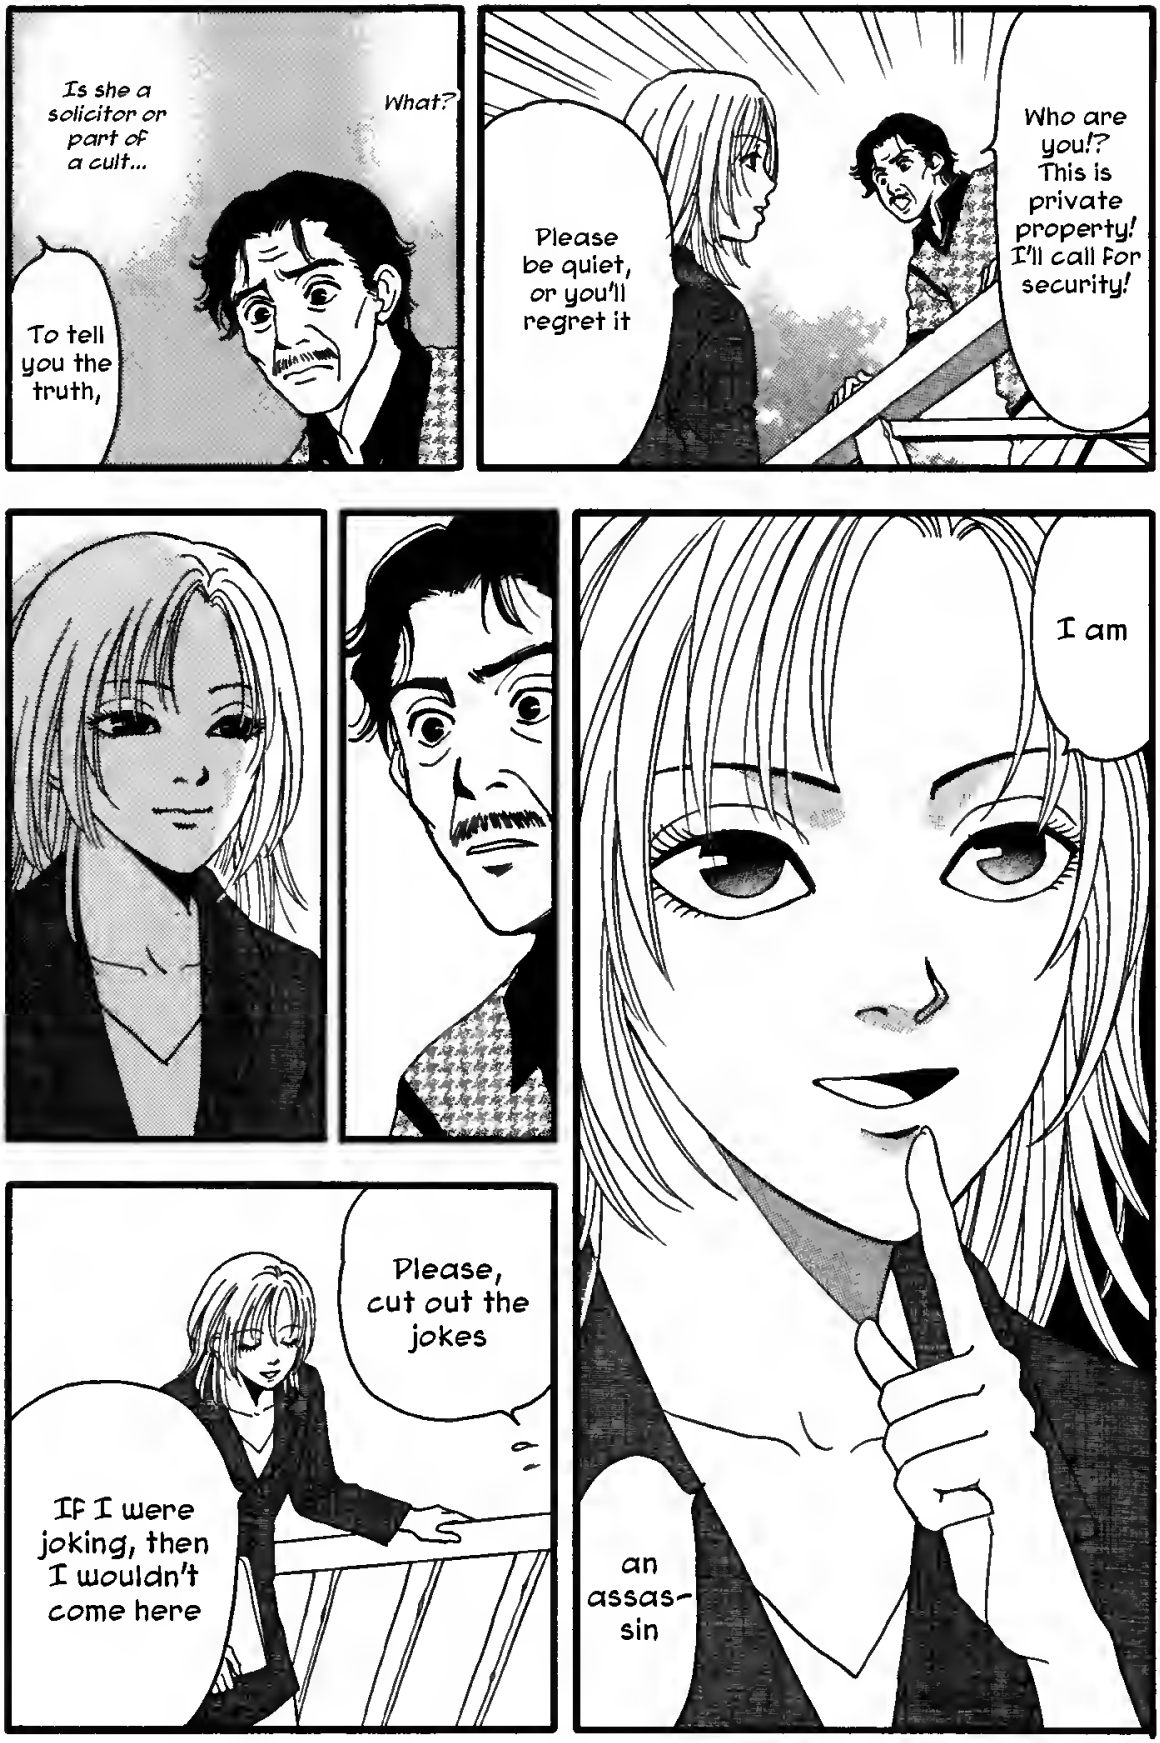
We were rivals ever since our college years
To us, everything was an even competition, but the only thing that I ever won was my wife
He sure holds a grudge



No, this isn't time to think about that
I came here to cool my head and come up with a plan

カラン

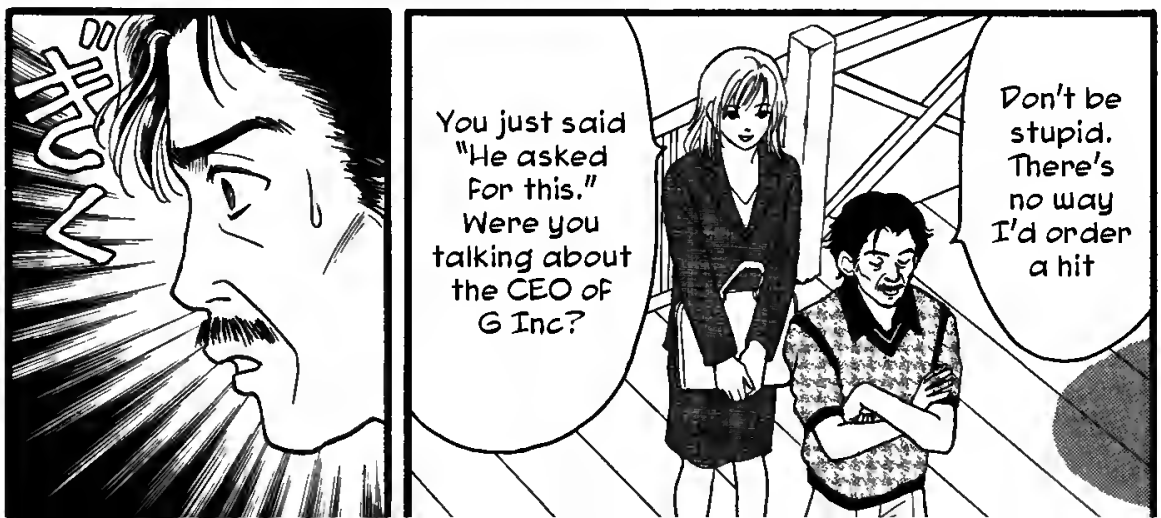
He's the only one
The rest of them are all useless subordinates. I still have a chance
I'm still okay. He's the only smart person in G Inc
If he'd just
disappear from this world
Are you Mr. Eino of N Construc-tions?
サク…



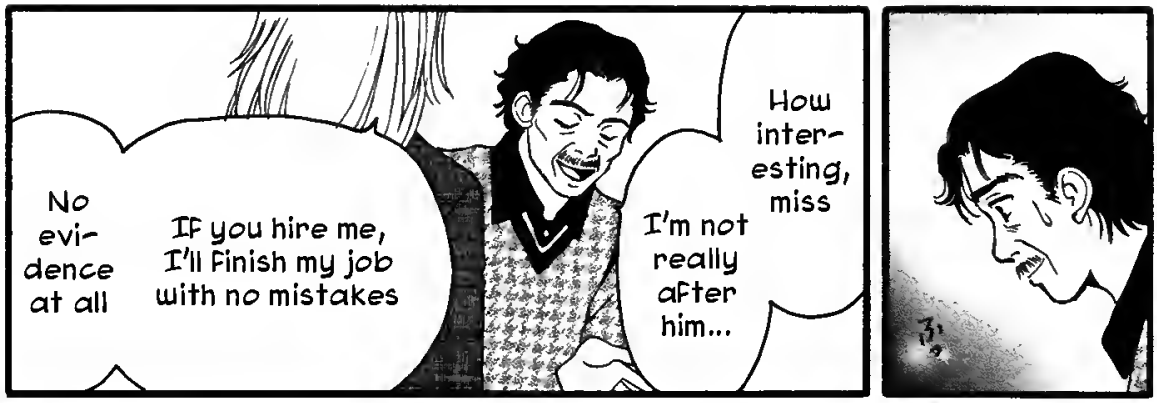
Is she a solicitor or part of a cult...
What?
To tell you the truth,
Please be quiet, or you'll regret it
Who are you!? This is private property! I'll call for security!
I am
an assas-sin
Please, cut out the jokes
If I were joking, then I wouldn't come here

He asked for this, huh! So I'm just an obstacle to him, huh!
...He
Please don't get me wrong. I'm not here to kill you

How about it?
I'm here to take your order

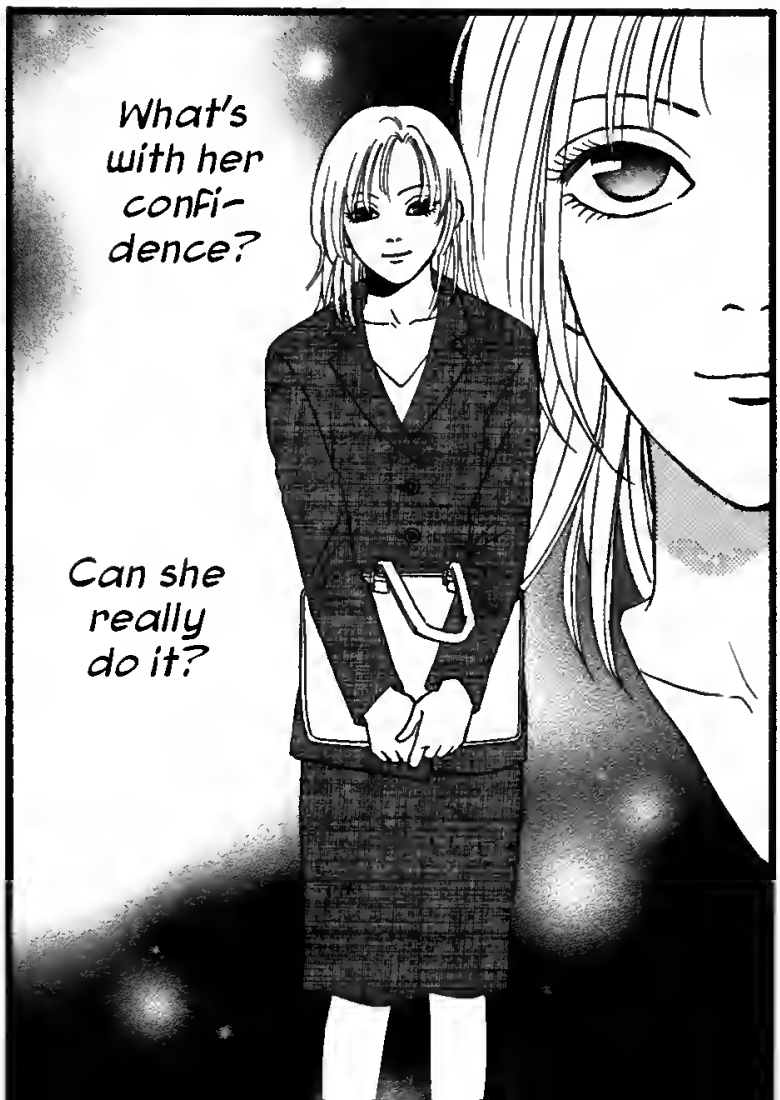


ヒソ
You just said "He asked for this." Were you talking about the CEO of G Inc?
Don't be stupid. There's no way I'd order a hit

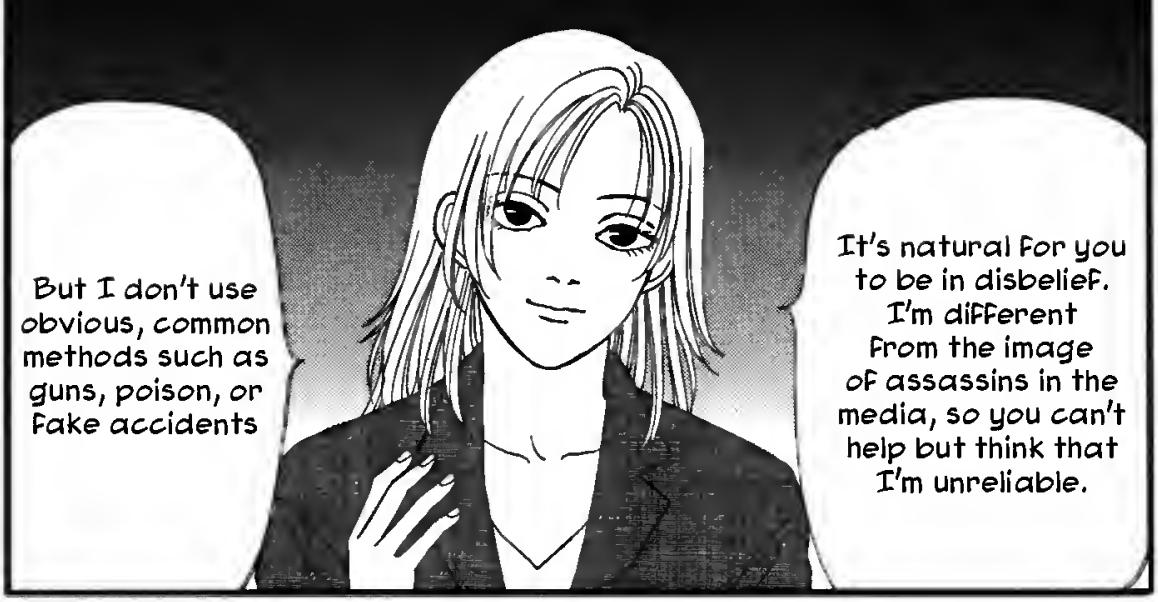


No evidence at all
If you hire me, I'll finish my job with no mistakes
I'm not really after him...
How interesting, miss

Are you part of an organization? Others in the organization may know about this
No, I'm doing this on my own. You don't need to worry about our secret

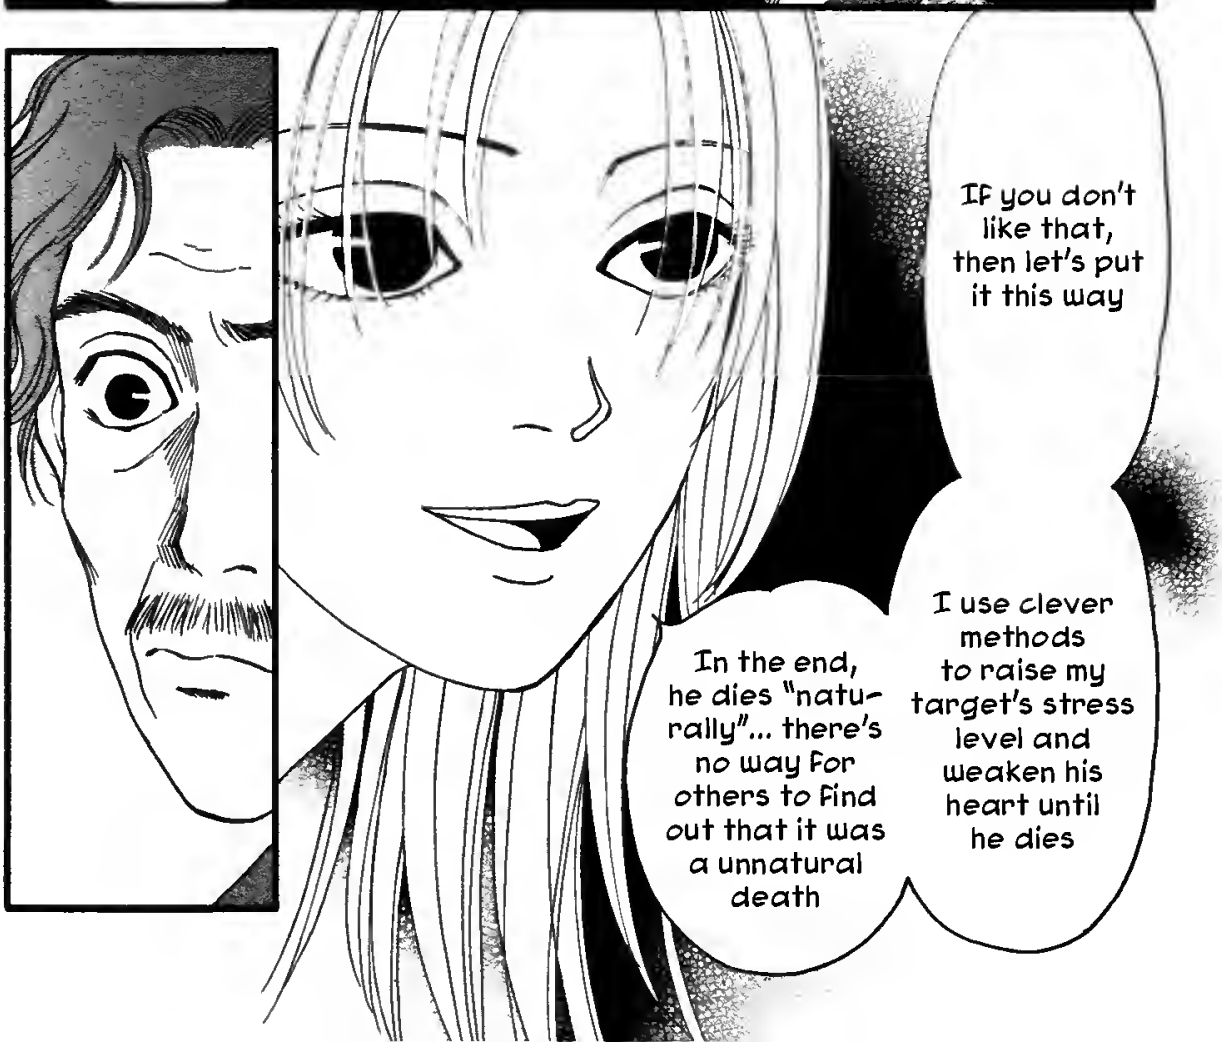


What's with her confidence?
Can she really do it?



But I don't use obvious, common methods such as guns, poison, or fake accidents
It's natural for you to be in disbelief. I'm different from the image of assassins in the media, so you can't help but think that I'm unreliable.

Let's just say that I kill them with curses
How then?

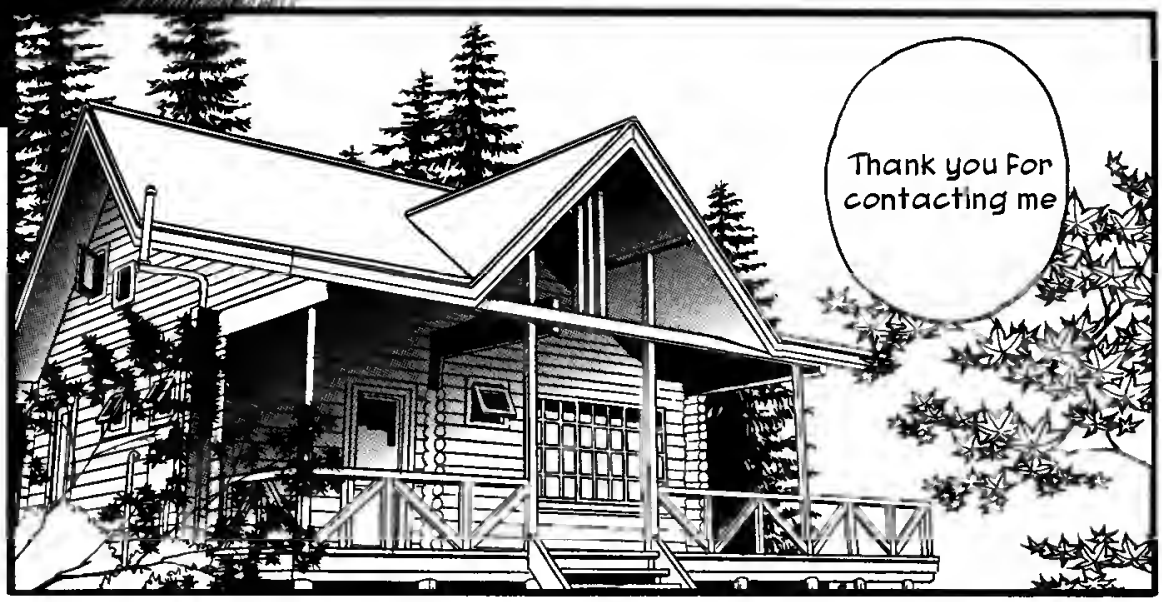


If you don't like that, then let's put it this way
I use clever methods to raise my target's stress level and weaken his heart until he dies
In the end, he dies "naturally"... there's no way for others to find out that it was a unnatural death

No way. She's still acting in a movie, right? Now, please leave me so I can work
Umm, if you still doubt me, then I'll just say that I'm about to finish off K, that famous actress
I shouldn't even have asked. She's really just an airhead, huh
Plea- se go away
Th-Then, here
If you don't go, then I'll call security
If you call this number, I'll come right away...
080-X5X1-X32X

Even though unemployment is high, that was a strange lady
PPPPPPP
You can throw it away
From that time...
I still had it, huh
Ah
I found this in your pocket
Sir! This is terrible
G Inc has bought much of our stock...!
At this rate, G Inc will end up owning us
社長室
Damn that man...
I want to kill him

Headline: K suddenly dies!

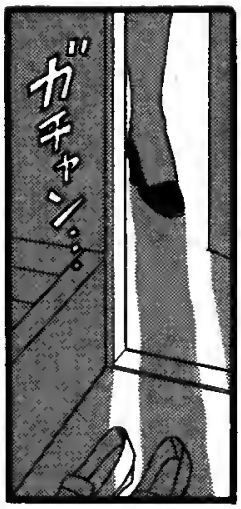


...This much!?
It's insignificant compared to how much your company will make for you if it survives, right?
I see, so there are lots of enemies around successful people, huh
Then, about your contract
Here's the fee
You're taking advantage of me, huh...
However, you can pay me after I finish the job
After you finish the job?
Once you have confirmed that I finished job with no mistakes,
please transfer the money into my account
I want to say that the contract time limit is within three months,
but if you can give me six months, then I guarantee that I'll finish the job completely by then

You sure are confi-dent
But what if I don't pay you?
There hasn't been anyone who has ever done that
My clients seem to dislike the idea of getting cursed to death

gotta go to my next job

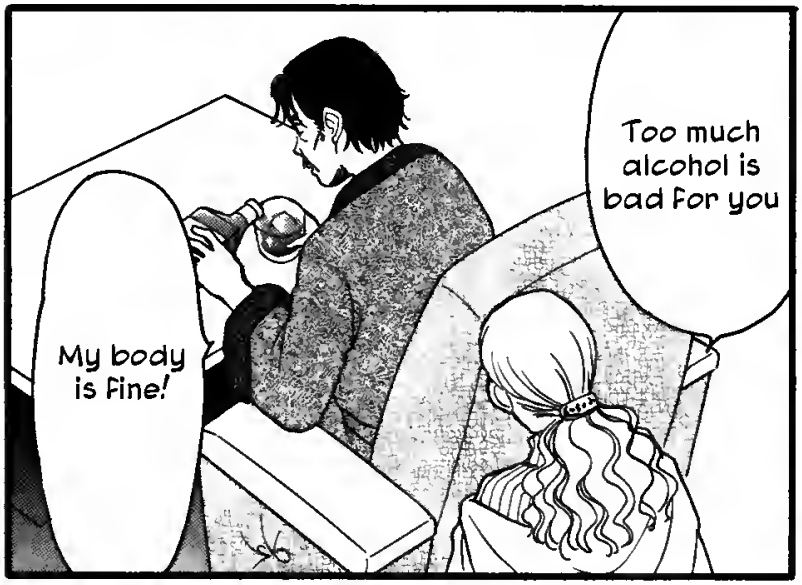
Now ... then



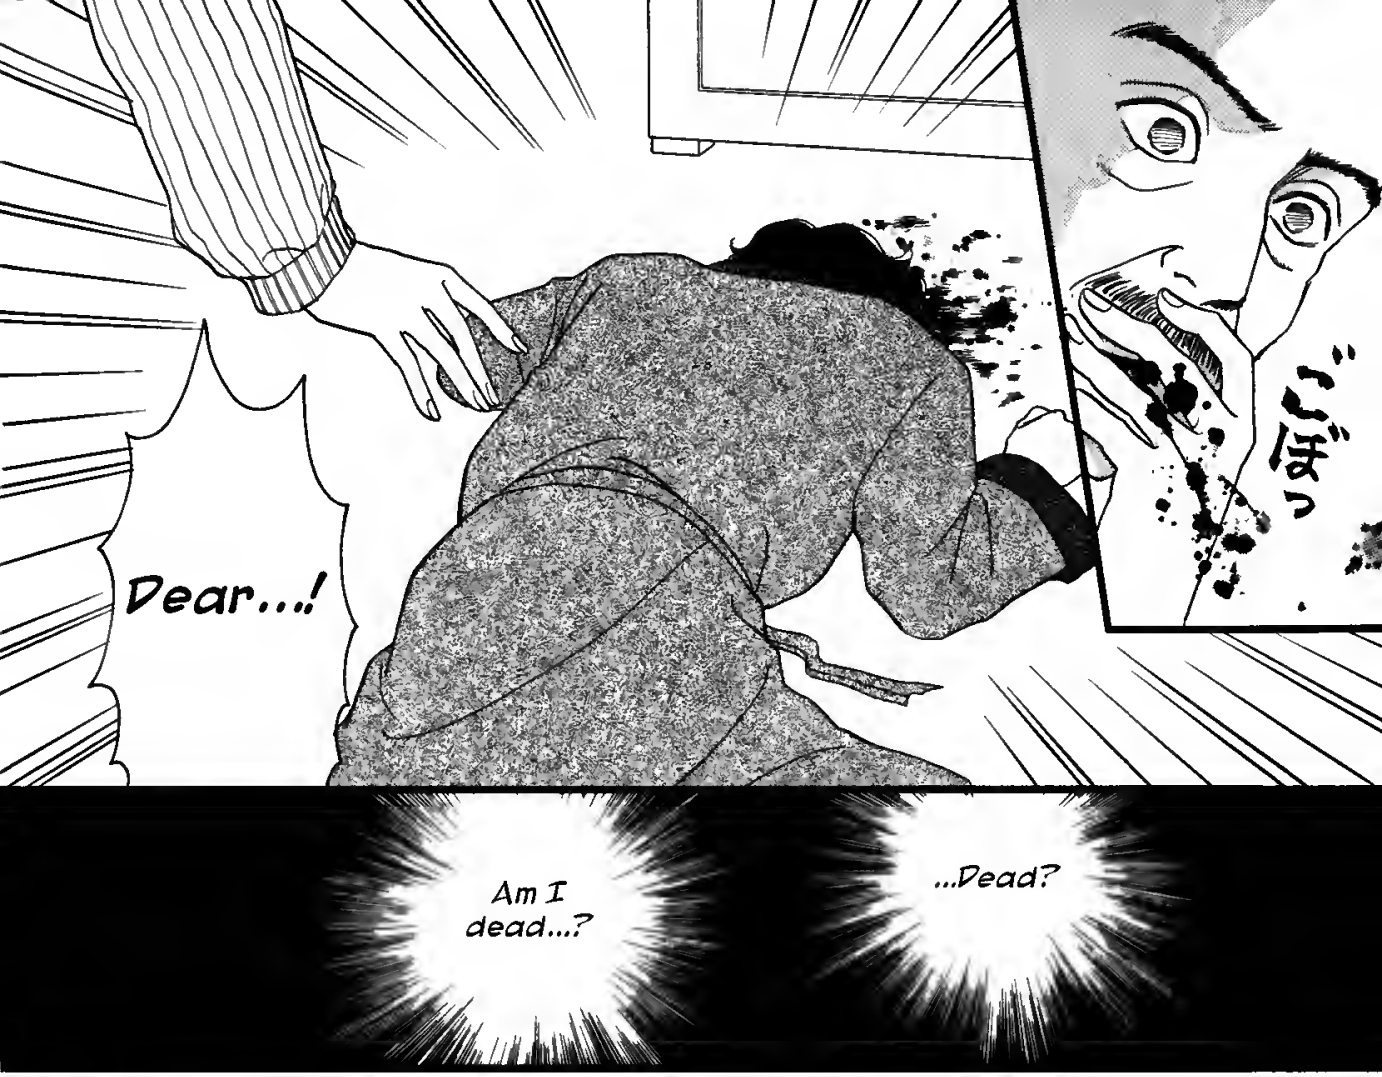
ガチャン…

Headlines: G Inc makes contract with American company X

N Constructions downsizes due to lackluster results



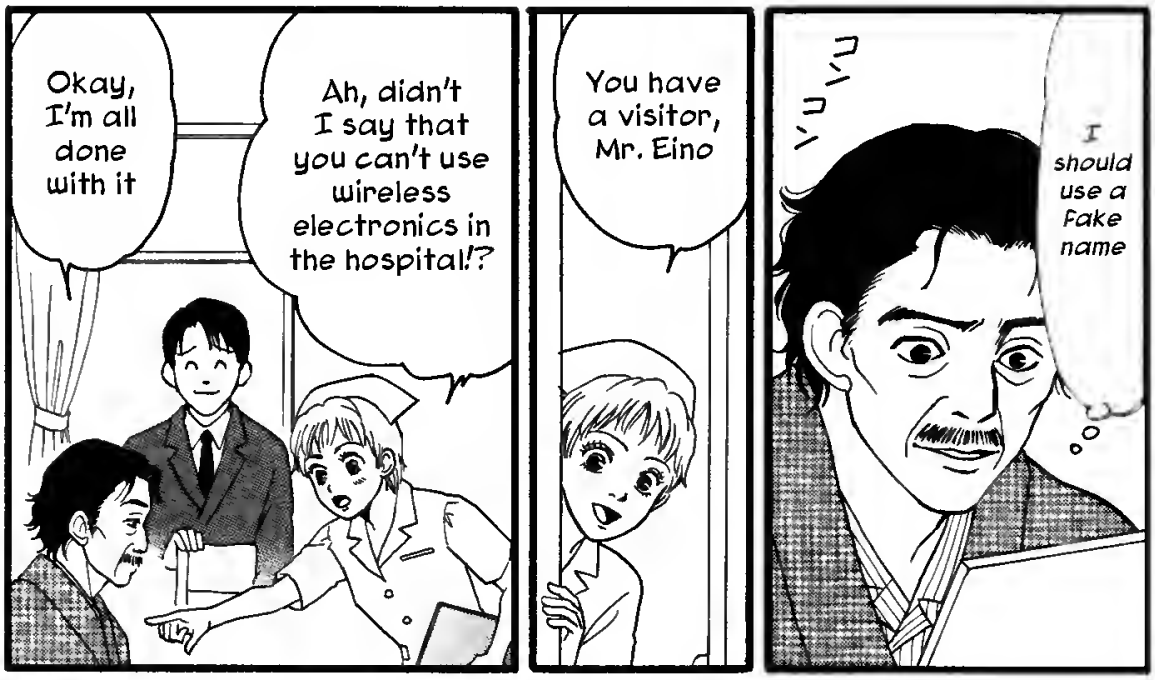
Hey, this is different from what we discussed! It's been five months and he's still fine!
But there's still time in the contract
Hurry up! I'll pay you more
I'm afraid that I can't do that. I have to make it appear natural
Please wait for just a bit more
...There must be something wrong with me for believing that girl!
You're looking pale, dear
... Dear?



ごぼっ
Dear...!
Am I dead...?
...Dead?

He collapsed?
Yes, last night. I heard that he was taken here
I heard that the CEO of G Inc also collapsed. Were you two friends or enemies?
Good grief, please don't make me worry
The cause was stress and alcohol
It's a small ulcer

Transfer money to Satou Hanako: 10 Million Yen



Okay, I'm all done with it
Ah, didn't I say that you can't use wireless electronics in the hospital!?
You have a visitor, Mr. Eino
I should use a fake name

Really!?
Sir, we can take the contract we talked about now

with the world
This is good. Everything is right
Yea
but G Inc's self-destruction saved us
I know this is in bad taste,

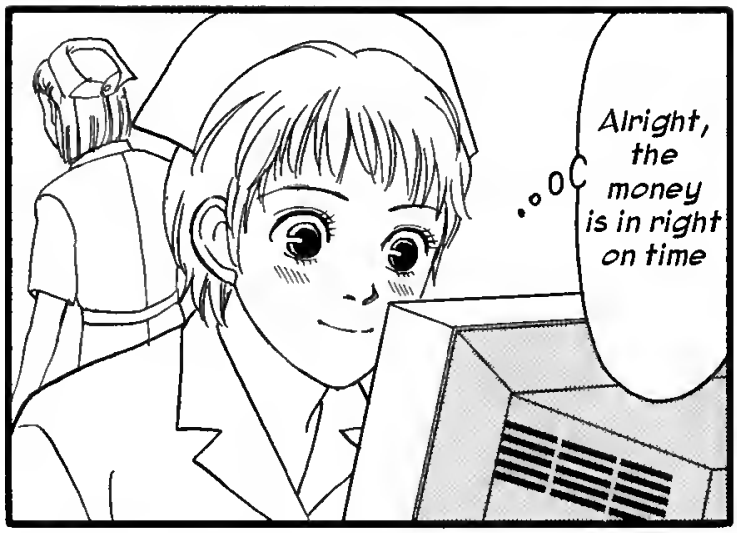
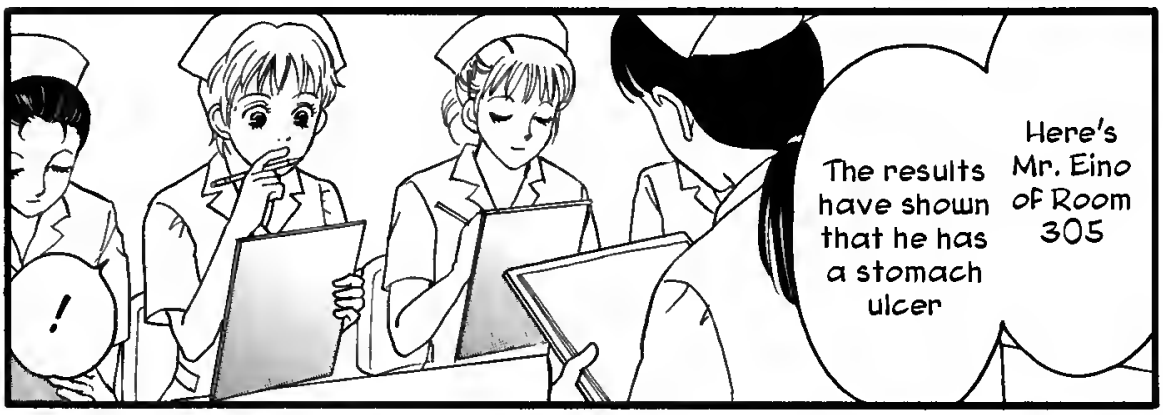
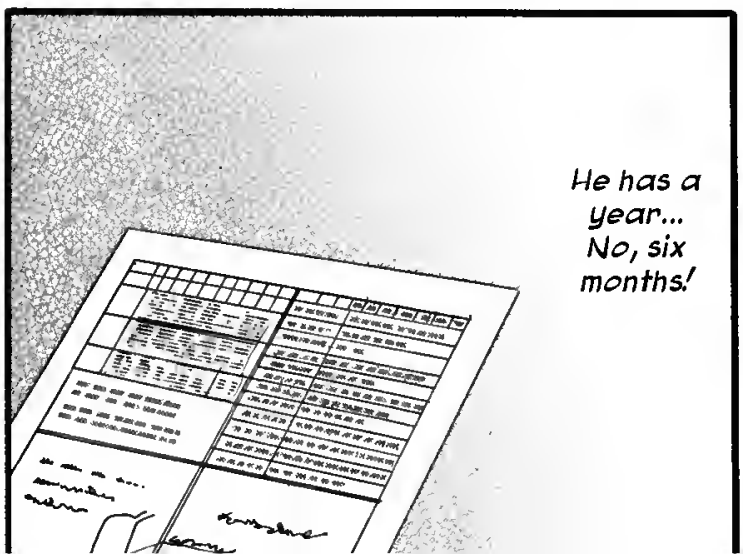
Yes!
We're starting the briefing for the next shift---
ピ



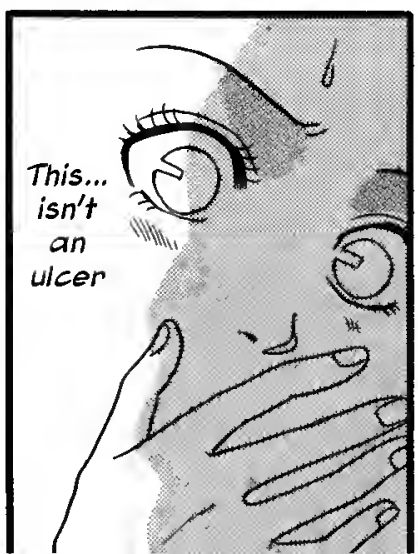
Alright, the money is in right on time



Here's Mr. Eino of Room 305
The results have shown that he has a stomach ulcer
!



He has a year... No, six months!



This... isn't an ulcer

Then, about his care
The doctor will tell the family next week
then looking for those who have them
Finding the medical recordings of terminal patients
Yes!
The patient and doctor are expecting a lot out of you
He seems to have many enemies, so it looks like my next job as an "assassin" will be fun, huh...
